Fisheries (Recreational Management Controls) Notice

ISBN No: 978-1-991285-26-3 (online)

April 2024

Issuing Authority

This notice is issued under the Fisheries (Amateur Fishing) Regulations 2013.

This notice revokes and replaces the Fisheries (Recreational Management Controls) Notice issued on 19 March 2024.

This notice comes into force on 25 April 2024.

Dated at Wellington this 11th day of April 2024.

(signed)

Hon Shane Jones
Minister for Oceans and Fisheries

Introduction

The Fisheries (Amateur Fishing) Regulations 2013 allow the Minister for Oceans and Fisheries to set or vary recreational fishing management controls for any fish, aquatic life, or seaweed. Some of these controls apply generally throughout New Zealand fisheries waters and others apply only within certain defined areas. This notice specifies those recreational fishing controls.

1 Title

- (1) This notice is the Fisheries (Recreational Management Controls) Notice.

2 Commencement

- (1) This notice comes into force on 25 April 2024.

3 Application

- (1) This notice applies to all persons taking or possessing any fish, aquatic life, or seaweed from, or in, New Zealand fisheries waters to which the Fisheries (Amateur Fishing) Regulations 2013 apply.

4 Definitions

- (1) In this notice—

Act means the Fisheries Act 1996

Regulations means the Fisheries (Amateur Fishing) Regulations 2013.

Terms used in this Notice and which are defined in the Act or Regulations carry the defined meaning.

Part 1: General recreational controls

5 Daily limits for finfish

5.1 Daily limit for eels

- (1) The daily limit for eels is: 6 (see regulation 11).
- (2) See *also* clause 38.1, which specifies the daily limit for eels in Fishery Management Area 4 South East (Chatham Rise).

5.2 Daily limit for baitfish

- (1) The daily limit for baitfish (whether of the same or different species) is: 50 (see regulation 11A).

5.3 Daily limit for southern bluefin tuna

- (1) The daily limit for southern bluefin tuna is: 1 (see regulation 11B).

5.4 Daily limit for quinnat salmon

- (1) The daily limit for quinnat salmon is: 1 (see regulation 17).

6 Size limits for finfish

6.1 Minimum length for finfish

- (1) The minimum lengths for finfish specified in column 2 of the following table apply to the corresponding species listed in column 1 (see regulation 18):

| Column 1 Species | Column 2 Minimum species length (cm) |
|--|---|
| Blue cod (except blue cod without a head) as measured from the tip of the nose to the posterior end of the middle ray of the tail fin | 33 |
| Blue cod (without a head) as measured from the rear of the base of the pectoral fin to the posterior end of the middle ray of the tail fin | 24 |
| Blue moki | 40 |
| Butterfish | 35 |
| Flatfish (except sand flounder) | 25 |
| Kingfish | 75 |
| Red cod | 25 |
| Red gurnard | 25 |
| Red moki | 40 |
| Sand flounder | 23 |
| Snapper | 25 |

| | |
|-----------|----|
| Tarakihi | 25 |
| Trevally | 25 |
| Trumpeter | 35 |

- (2) See *also* Parts 2, 3, 4, and 5, which specify size limits for finfish in certain areas.

7 Daily limits for shellfish

7.1 Daily limits for shellfish

- (1) The daily limits for shellfish specified in column 2 of the following table apply to the corresponding species listed in column 1 (see regulation 12):

| Column 1 Species of shellfish | Column 2 Daily limit (per person) |
|--|--------------------------------------|
| Cockle | 150 |
| Kina | 50 |
| Mussel | 50 |
| Dredge oyster (<i>see also</i> regulations 14 and 15) | 50 |
| Pacific oyster or rock oyster | 250 |
| Ordinary pāua | 10 |
| Yellowfoot pāua | 10 |
| Pipi | 150 |
| Scallop | 20 |
| Tuatua | 150 |
| Any other shellfish (whether of the same or different species) | 50 |

- (2) See *also* clause 7.2, which specifies the daily limit for rock lobsters, and Parts 2, 3, 4, 5, 5A, 5B and 6, which specify daily limits for shellfish in certain areas.

7.2 Daily limit for rock lobsters

- (1) The daily limit for rock lobsters is: 6 (see regulation 13).
- (2) See *also* Parts 2, 3, 5, 5B and 6, which specify daily limits for rock lobsters in certain areas.

8 Accumulation limit for shellfish

8.1 Accumulation limit for pāua

- (1) The accumulation limit for pāua is (see regulation 16):
- 20 pāua; or
 - if the number of pāua cannot be determined, the amount of pāua that comprises a shucked weight of 2.5 kg.
- (2) See *also* Parts 4, 5, and 5A, which specify accumulation limits for pāua in certain areas.

9 Size limits for shellfish

9.1 Minimum length for shellfish

- (1) The minimum lengths for shellfish specified in column 2 of the following table apply to the corresponding species listed in column 1 (see regulation 19):

| Column 1 Species | Column 2 Minimum length (mm) |
|-----------------------------------|---|
| Dredge oyster | 58 |
| Ordinary pāua | 125 |
| Scallop | 100 |
| Yellowfoot pāua | 80 |

- (2) See *also* Parts 3, 4, and 5A which specify size limits for shellfish in certain areas.

9.2 Minimum width for rock lobster

- (1) A rock lobster is undersized if the tail is (see regulation 30)—
- less than 60 mm wide, in the case of a female spiny rock lobster, when measured in accordance with clauses 2 and 3 of Schedule 4 of the Regulations:
 - less than 54 mm wide, in the case of a male spiny rock lobster, when measured in accordance with clauses 2 and 3 of Schedule 4 of the Regulations:
 - less than 90 mm wide, in the case of a female packhorse rock lobster, when measured in accordance with clauses 2 and 3 of Schedule 4 of the Regulations:
 - less than 84 mm wide, in the case of a male packhorse rock lobster, when measured in accordance with clauses 2 and 3 of Schedule 4 of the Regulations:

Part 2: Controls for Auckland and Kermadec FMA

10 Daily limits for finfish

10.1 Daily limits for finfish in Auckland and Kermadec FMA

- (1) The daily limits for finfish in the Auckland and Kermadec FMA specified in column 2 of the following table apply to the corresponding species listed in column 1 (see regulation 55):

| Column 1 Species | Column 2 Daily limit (per person) |
|---------------------|--------------------------------------|
| Bluenose | 5 |
| Grey mullet | 20 |
| Kingfish | 3 |
| Snapper | 15 |

- (2) See *also* the other provisions of this Part that specify individual species limits for specific areas within the Auckland and Kermadec FMA.

10.2 Daily limits for snapper in Auckland (East) FMA and Auckland (West) FMA

- (1) The daily limit for snapper in the Auckland (West) FMA is: 10 (see regulation 59(2)).
 (2) The daily limit for snapper in the Auckland (East) FMA is: 7 (see regulation 59(3)).

10.3 Daily limit for hāpuku/bass in Auckland (East) FMA and Auckland (West) FMA

- (1) The daily limit for hāpuku/bass in the Auckland (East) FMA and the Auckland (West) FMA is: 2 (see regulation 59A(2)).

10.4 Daily limit for kingfish in Auckland (East) FMA and Auckland (West) FMA

- (1) The daily limit for kingfish in the Auckland (East) FMA and the Auckland (West) FMA is: 3 (see regulation 59A(3)).

11 Combined daily limits for finfish

11.1 Combined daily limit for finfish in Auckland and Kermadec FMA

- (1) The combined daily limit for finfish in the Auckland and Kermadec FMA is: 20 (see regulation 55).
 (2) See *also* clause 11.2, which specifies the combined daily limit for hāpuku/bass and kingfish in the Kermadec FMA.

11.2 Combined daily limit for hāpuku/bass and kingfish in Kermadec FMA

- (1) The combined daily limit for hāpuku/bass and kingfish in the Kermadec FMA is: 5 (see regulation 55).

12 Accumulation limit for finfish

12.1 Accumulation limit for hāpuku/bass in Auckland (East) FMA and Auckland (West) FMA

- (1) The accumulation limit for hāpuku/bass in the Auckland (East) FMA and the Auckland (West) FMA is: 3 (see regulation 16A(2)).

13 Size limits for finfish

13.1 Minimum length for snapper in Auckland and Kermadec FMA

- (1) The minimum length for snapper taken from the Auckland (West) FMA or the Kermadec FMA is: 27 cm (see regulation 62).
- (2) The minimum length for snapper taken from the Auckland (East) FMA is: 30 cm (see regulation 62).

13.2 Minimum length for blue cod in Auckland FMA

- (1) The minimum length for blue cod taken from the Auckland FMA is: 30 cm (see regulation 63).

14 Daily limits for shellfish

14.1 Daily limits for shellfish in Auckland Coromandel Area

- (1) The daily limits for shellfish in the Auckland Coromandel area specified in column 2 of the following table apply to the corresponding species listed in column 1 (see regulation 60):

| Column 1 Species of shellfish | Column 2 Daily limit (per person) |
|--|--|
| Cockle | 50 |
| Green-lipped mussel | 25 |
| Pacific oyster or rock oyster | 100 |
| Pipi | 50 |
| Tuatua | 50 |

- (2) See *also* the other provisions of this Part that specify individual species limits for specific areas within the Auckland and Kermadec FMA.

14.2 Daily limit for green-lipped mussels in Maketu taiāpure

- (1) The daily limit for green-lipped mussels in the Maketu taiāpure is: 25 (see regulation 61).

14.3 Daily limit for spiny rock lobsters taken from CRA1

- (1) The daily limit for spiny rock lobsters in CRA1 is: 3 (see regulation 13).

14.4 Daily limit for spiny rock lobsters taken from CRA2

- (1) The daily limit for spiny rock lobsters in CRA2 is: 3 (see regulation 155A).

Part 3: Controls for Central FMA

15 Daily limits for finfish

15.1 Daily limits for finfish in Central FMA

- (1) The daily limits for finfish in the Central FMA specified in column 2 of the following table apply to the corresponding species listed in column 1 (see regulation 78):

| Column 1 Species | Column 2 Daily limit (per person) |
|-----------------------------------|--|
| Bluenose | 5 |
| Hāpuku/bass | 2 |
| Kingfish | 3 |
| Snapper | 10 |

15.2 Daily limit for blue cod in fishery management area 8—Central (Egmont)

- (1) The daily limit for blue cod in fishery management area 8—Central (Egmont) is: 10 (see regulation 81A).

16 Combined daily limit for finfish

16.1 Combined daily limit for finfish in Central FMA

- (1) The combined daily limit for finfish in the Central FMA is: 20 (see regulation 78).

17 Accumulation limit for finfish

17.1 Accumulation limit for hāpuku/bass in Central FMA

- (1) The accumulation limit for hāpuku/bass in the Central FMA is: 3 (see regulation 16A(2)).

18 Size limit for finfish

18.1 Minimum length for snapper in Central FMA

- (1) The minimum length for snapper taken from the Central FMA is: 27 cm (see regulation 82).

19 Daily limits for shellfish

19.1 Daily limit for spiny rock lobsters taken from CRA2

- (1) The daily limit for spiny rock lobsters in CRA2 is: 3 (see regulation 155A).

19.2 Daily limit for spiny rock lobsters taken from CRA3

- (1) The daily limit for spiny rock lobsters in CRA3 is: 3 (see regulation 13).

19.3 Daily limit for pāua in Central FMA

- (1) The daily limit for ordinary pāua in the Central FMA is: 5 (see regulation 12).
- (2) The daily limit for yellowfoot pāua in the Central FMA is: 5 (see regulation 12).

20 Size limit for shellfish

20.1 Minimum length for ordinary pāua in Amateur Taranaki Pāua Fishery area

- (1) The minimum length for ordinary pāua taken from the Amateur Taranaki Pāua Fishery area is: 85 mm (see regulation 83).

Part 4: Controls for Challenger FMA

21 Daily limits for finfish

21.1 Daily limits for finfish in Challenger FMA

- (1) The daily limits for finfish in the Challenger FMA specified in column 2 of the following table apply to the corresponding species listed in column 1 (see regulation 92):

| Column 1 Species | Column 2 Daily limit (per person) |
|-----------------------------------|--|
| Bluenose | 5 |
| Hāpuku/bass | 2 |
| Kingfish | 3 |
| Snapper | 10 |

- (2) See *also* the other provisions of this Part that specify individual species limits for specific areas within the Challenger FMA.

21.2 Daily limit for snapper in Marlborough Sounds area

- (3) The daily limit for snapper in the Marlborough Sounds area is: 3 (see regulation 96).

22 Combined daily limit for finfish

22.1 Combined daily limit for finfish in Challenger FMA

- (1) The combined daily limit for finfish in the Challenger FMA is: 20 (see regulation 92).

23 Accumulation limit for finfish

23.1 Accumulation limit for hāpuku/bass in Challenger FMA

- (1) The accumulation limit for hāpuku/bass in the Challenger FMA is: 3 (see regulation 16A(2)).

24 Size limit for finfish

24.1 Minimum length for sand flounder in Challenger FMA

- (1) The minimum length for sand flounder taken from the Challenger FMA is: 25 cm (see regulation 100).

25 Daily limit for shellfish

25.1 Daily limit for scallops in Challenger FMA

- (1) The daily limit for scallops in the Challenger FMA is: 50 (see regulation 97).

25.2 Daily limit for pāua taken from PAU7

- (1) The daily limit for ordinary pāua in PAU7 is: 5 (see regulation 12).
- (2) The daily limit for yellowfoot pāua in PAU7 is: 5 (see regulation 12).
- (3) See *also* Part 5A, which specifies daily limits for pāua in part of PAU7.

26 Size limit for shellfish

26.1 Minimum length for scallops in Challenger FMA

- (1) The minimum length for scallops taken from the Challenger FMA is: 90 mm (see regulation 101).

27 Accumulation limit for shellfish

27.1 Accumulation limit for pāua taken from PAU7

- (1) The accumulation limit for pāua in PAU7 is (see regulation 16):
 - (a) 10 pāua; or
 - (b) if the number of pāua cannot be determined, the amount of pāua that comprises a shucked weight of 1.25 kg.
- (2) See *also* Part 5A, which specifies accumulation limits for pāua in part of PAU7.

Part 5: Controls for South-East FMA

28 Daily limits for finfish

28.1 Daily limits for finfish in South-East FMA

- (1) The daily limits for finfish in the South-East FMA specified in column 2 of the following table apply to the corresponding species listed in column 1 (see regulation 117):

| Column 1 Species | Column 2 Daily limit (per person) |
|-----------------------------------|--|
| Blue moki | 15 |
| Blue shark | 1 |
| Bluenose | 5 |
| Bronze shark | 1 |
| Butterfish | 15 |
| Elephant fish | 5 |
| Hammerhead shark | 1 |
| Kahawai | 15 |
| Kingfish | 3 |
| Mako shark | 1 |
| Marlin | 1 |
| Porbeagle shark | 1 |
| Red cod | 10 |
| Red moki | 15 |
| Rig | 5 |
| School shark | 5 |
| Seven gill shark | 1 |
| Skate | 5 |
| Snapper | 10 |
| Spiny dogfish | 15 |
| Tarakihi | 15 |
| Thresher shark | 1 |
| Trumpeter | 15 |
| Warehou | 15 |

- (2) See *also* the other provisions of this Part as well as Parts 5A and 5B that specify individual species limits for specific areas within the South-East FMA.

28.2 Daily limit for blue cod in East Otago taiāpure

- (1) The daily limit for blue cod in the East Otago taiāpure is: 2 (see regulation 122A).

28.3 Daily limits for finfish in Akaroa Harbour taiāpure

- (1) The daily limits for finfish in the Akaroa Harbour taiāpure specified in column 2 of the following table apply to the corresponding species listed in column 1 (see regulation 123):

| Column 1 Species | Column 2 Daily limit (per person) |
|-----------------------------------|--|
| Blue moki | 3 |
| Butterfish | 3 |
| Red cod | 3 |
| Sea perch | 3 |
| Trumpeter | 3 |

28.4 Daily limits for finfish in Te Whata Kai o Rakihouia i Te Tai o Marokura—Kaikōura Marine Area

- (1) The daily limits for finfish in Te Whata Kai o Rakihouia i Te Tai o Marokura—Kaikōura Marine Area specified in column 2 of the following table apply to the corresponding species listed in column 1 (see regulation 123A):

| Column 1 Species | Column 2 Daily limit (per person) |
|---|--|
| Albacore | 3 |
| Blue cod (except blue cod taken from Te Taumanu o Te Waka a Māui taiāpure or Oaro-Haumuri taiāpure) | 6 |
| Blue cod taken from Te Taumanu o Te Waka a Māui taiāpure or Oaro-Haumuri taiāpure | 2 |
| Blue moki | 10 |
| Bluenose | 3 |
| Butterfish | 10 |
| Hāpuku/bass | 3 |
| Kahawai | 10 |
| Kingfish | 3 |
| Ling | 3 |
| Rig | 3 |
| School shark | 3 |
| Sea perch | 20 |
| Tarakihi | 10 |

29 Combined daily limits for finfish

29.1 Combined daily limit for finfish in South-East FMA

- (1) The combined daily limit for finfish in the South-East FMA is: 30 (see regulation 117).
- (2) See *also* clause 29.2, which specifies the combined daily limit for hāpuku/bass and kingfish in the South-East FMA.

29.2 Combined daily limit for hāpuku/bass and kingfish in South-East FMA

- (1) The combined daily limit for hāpuku/bass and kingfish in the South-East FMA is: 5 (see regulation 117).

29.3 Combined daily limit for finfish in southern part of East Otago taiāpure

- (1) The combined daily limit for finfish in the southern part of the East Otago taiāpure is: 10 (see regulation 122).

29.4 Combined daily limit for finfish in Akaroa Harbour taiāpure

- (1) The combined daily limit for finfish in the Akaroa Harbour taiāpure is: 10 (see regulation 123).

29.5 Combined daily limit for albacore, bluenose, hāpuku/bass, kingfish, and ling in Te Whata Kai o Rakihouia i Te Tai o Marokura—Kaikōura Marine Area

- (1) The combined daily limit for albacore, bluenose, hāpuku/bass, kingfish, and ling in Te Whata Kai o Rakihouia i Te Tai o Marokura—Kaikōura Marine Area is: 5 (see regulation 123A).

29.6 Combined daily limit for game sharks in Te Whata Kai o Rakihouia i Te Tai o Marokura—Kaikōura Marine Area

- (1) The combined daily limit for game sharks (being blue shark, hammerhead shark, mako shark, porbeagle shark, seven gill shark, and thresher shark) in Te Whata Kai o Rakihouia i Te Tai o Marokura—Kaikōura Marine Area is: 1 (see regulation 123A).

30 Size limits for finfish

30.1 Minimum length for quinnat salmon taken from Otago Harbour

- (1) The minimum length for quinnat salmon taken from the Otago Harbour is: 45 cm (see regulation 125).

30.2 Minimum length for sea perch taken from Te Whata Kai o Rakihouia i Te Tai o Marokura—Kaikōura Marine Area

- (1) The minimum length for sea perch taken from Te Whata Kai o Rakihouia i Te Tai o Marokura—Kaikōura Marine Area is: 26 cm (see regulation 125A).

31 Daily limits for shellfish

31.1 Daily limit for kina in East Otago taiāpure

- (1) The daily limit for kina in the East Otago taiāpure is: 10 (see regulation 121).

31.2 Daily limits for shellfish in Akaroa Harbour taiāpure

- (1) The daily limits for shellfish in the Akaroa Harbour taiāpure specified in column 2 of the following table apply to the corresponding species listed in column 1 (see regulation 123):

| Column 1 Species | Column 2 Daily limit (per person) |
|---------------------|--------------------------------------|
| Cat's eye | 20 |
| Cockle | 20 |
| Rock lobster | 3 |

31.3 Daily limits for shellfish in Te Whata Kai o Rakihouia i Te Tai o Marokura—Kaikōura Marine Area

- (1) The daily limits for shellfish in Te Whata Kai o Rakihouia i Te Tai o Marokura—Kaikōura Marine Area specified in column 2 of the following table apply to the corresponding species listed in column 1 (see regulation 123A):

| Column 1 Species | Column 2 Daily limit (per person) |
|---|--------------------------------------|
| Cat's eye | 20 |
| Cockle (whether of the species <i>Chione (Austrovenus) stutchburyi</i> or of the species <i>Protothaca crassicosta</i>) | 50 |
| Kina | 20 |
| Any other shellfish (whether of the same or different species) for which a specific limit is not specified in this table or in clauses 7.1 or 7.2 | 30 |

31.4 Daily limit for pāua taken from PAU3B

- (1) The daily limit for ordinary pāua in PAU3B is: 5 (see regulation 12).
- (2) The daily limit for yellowfoot pāua in PAU3B is: 5 (see regulation 12).
- (3) See also Part 5A, which specifies daily limits for pāua in part of the South-East FMA.

32 Combined daily limit for shellfish

32.1 Combined daily limit for shellfish in East Otago taiāpure

- (1) The combined daily limit for shellfish in the East Otago taiāpure is: 50 (see regulation 120).

33 Daily limits for seaweed

33.1 Daily limits for bladder kelp and karengo in Te Whata Kai o Rakihouia i Te Tai o Marokura—Kaikōura Marine Area

- (1) The daily limit for bladder kelp in Te Whata Kai o Rakihouia i Te Tai o Marokura—Kaikōura Marine Area is: 5 litres of wet volume (see regulation 123B).
- (2) The daily limit for karengo in Te Whata Kai o Rakihouia i Te Tai o Marokura—Kaikōura Marine Area is: 5 litres of wet volume (see regulation 123B).

34 Accumulation limit for shellfish

34.1 Accumulation limit for pāua taken from PAU3B

- (1) The accumulation limit for pāua in PAU3B is (see regulation 16):
 - (a) 10 pāua; or
 - (b) if the number of pāua cannot be determined, the amount of pāua that comprises a shucked weight of 1.25 kg.
- (2) See *also* Part 5A, which specifies accumulation limits for pāua in part of the South-East FMA.

Part 5A: Controls for Marfells Beach to Conway River Area

35 Daily limits for shellfish

35.1 Daily limit for pāua in the Marfells Beach to Conway River Area

- (1) The daily limit for ordinary pāua in the Marfells Beach to Conway River Area is: 3 (see regulation 116A).
- (2) The daily limit for yellowfoot pāua in the Marfells Beach to Conway River area is 3: (see regulation 116A).

35.2 Daily limit for pāua in the Oaro-Haumuri Taiāpure

- (1) The daily limit for ordinary pāua in the Oaro-Haumuri Taiāpure is: 2 (see regulation 116B).
- (2) The daily limit for yellowfoot pāua in Oaro-Haumuri Taiāpure is: 2 (see regulation 116B).

36 Size limits for shellfish

36.1 Minimum length for ordinary pāua in the Oaro-Haumuri Taiāpure

- (1) The minimum length for ordinary pāua taken from the Oaro-Haumuri Taiāpure is: 135 mm (see regulation 116D).

37 Accumulation limit for shellfish

37.1 Accumulation limit for pāua taken from the Marfells Beach to Conway River Area

- (2) The accumulation limit for pāua in the Marfells Beach to Conway River Area is (see regulation 16):
 - (a) 6 pāua; or
 - (b) if the number of pāua cannot be determined, the amount of pāua that comprises a shucked weight of 0.75 kg.

Part 5B: Controls for Fishery Management Area 4 South East (Chatham Rise)

38 Daily limits for finfish

38.1 Daily limits for finfish in Fishery Management Area 4 South East (Chatham Rise)

- (1) The daily limits for finfish in Fishery Management Area 4 South East (Chatham Rise) specified in column 2 of the following table apply to the corresponding species listed in column 1 (see regulation 117)

| Column 1 Species | Column 2 Daily limit (per person) |
|-----------------------------------|--|
| Blue cod | 5 |
| Blue moki | 5 |
| Bluenose | 2 |
| Butterfish | 5 |
| Eels-shortfin/longfin | 2 |
| Flatfish (except sand flounder) | 10 |
| Grey mullet | 5 |
| Hāpuku/bass | 2 |
| Kingfish | 1 |
| Kahawai | 5 |
| Lamprey | 5 |
| Ling | 5 |
| Marblefish | 5 |
| Red cod | 5 |
| Red gurnard | 5 |
| Red moki | 5 |
| Sand Flounder | 10 |
| School Shark | 1 |
| Skate | 1 |
| Snapper | 5 |
| Stargazer | 2 |
| Tarakihi | 5 |
| Trevally | 5 |
| Trumpeter | 5 |
| Blue warehou | 5 |
| Wrasse | 5 |

39 Daily limits for shellfish

39.1 Daily limits for shellfish in Fishery Management Area 4 South East (Chatham Rise)

- (2) The daily limits for shellfish in Fishery Management Area 4 South East (Chatham Rise) specified in column 2 of the following table apply to the corresponding species listed in column 1 (see regulation 12):

| Column 1 Species | Column 2 Daily limit (per person) |
|-----------------------------------|--|
| Cockle | 50 |
| Kina | 10 |
| Ordinary pāua | 5 |
| Yellowfoot pāua | 5 |
| Pipi | 50 |
| Rock lobster | 2 |
| Tuatua | 50 |

Part 6: Controls for Southland and Sub-Antarctic FMA

40 Daily limits for finfish

40.1 Daily limits for individual species of finfish in Southland and Sub-Antarctic FMA

- (1) The daily limits for finfish in the Southland and Sub-Antarctic FMA specified in column 2 of the following table apply to the corresponding species listed in column 1 (see regulation 141):

| Column 1 Species | Column 2 Daily limit (per person) |
|-----------------------------------|--|
| Blue cod | 20 |
| Blue moki | 15 |
| Blue shark | 1 |
| Bluenose | 5 |
| Bronze shark | 1 |
| Butterfish | 15 |
| Elephant fish | 5 |
| Hammerhead shark | 1 |
| Kahawai | 15 |
| Kingfish | 3 |
| Mako shark | 1 |
| Marlin | 1 |
| Porbeagle shark | 1 |
| Red cod | 10 |
| Red moki | 15 |
| Rig | 5 |
| School shark | 5 |
| Seven gill shark | 1 |
| Skate | 5 |
| Spiny dogfish | 15 |
| Tarakihi | 15 |
| Thresher shark | 1 |
| Trumpeter | 15 |
| Warehou | 15 |

- (2) See *also* the other provisions of this Part and Part 7 that specify individual species limits for specific areas within the Southland and Sub-Antarctic FMA.

40.2 Daily limit for blue cod in Paterson Inlet (Whaka a Te Wera)

- (1) The daily limit for blue cod in Paterson Inlet (Whaka a Te Wera) is: 15 (see regulation 145A).

40.3 Daily limits for finfish in Fiordland (Te Moana o Atawhenua) marine area

- (1) The daily limits for finfish in the Fiordland (Te Moana o Atawhenua) marine area specified in column 2 of the following table apply to the corresponding species listed in column 1 (see regulation 146):

| Column 1 Species | Column 2 Daily limit (per person) |
|---|--|
| Albacore tuna | 10 |
| Barracouta | 20 |
| Blue cod | 10 |
| Blue moki | 5 |
| Bluenose | 3 |
| Butterfish | 4 |
| Flatfish (except sand flounder) | 5 |
| Sand flounder | 5 |
| Hāpuku/bass | 3 |
| Hoki | 5 |
| Kahawai | 5 |
| Ling | 5 |
| Marblefish | 5 |
| Red cod | 5 |
| Red gurnard | 5 |
| Red moki | 5 |
| Rig | 2 |
| School shark | 2 |
| Sea perch | 10 |
| Skate | 1 |
| Snapper | 5 |
| Spiny dogfish | 2 |
| Stargazer | 5 |
| Tarakihi | 10 |
| Trevally | 5 |
| Trumpeter | 5 |
| Warehou | 5 |
| Wrasse | 10 |
| Any other finfish for which a specific limit is not specified in this table or in clauses 5.1, 5.2, 5.3, 5.4, or 40.1 | 10 |

40.4 Daily limits for finfish in the Fiords

- (1) The daily limits for finfish in the Fiords specified in column 2 of the following table apply to the corresponding species listed in column 1 (see regulation 146A):

| Column 1 Species | Column 2 Daily limit (per person) |
|--|--|
| Albacore Tuna | 3 |
| Barracouta | 3 |
| Blue cod | 1 |
| Blue moki | 1 |
| Blue nose | 1 |
| Butterfish | 2 |
| Flatfish (except sand flounder) | 2 |
| Sand flounder | 2 |
| Hāpuku/bass | 1 |
| Hoki | 1 |
| Kahawai | 1 |
| Ling | 1 |
| Marblefish | 1 |
| Red cod | 2 |
| Red gurnard | 2 |
| Sea perch | 1 |
| Stargazer | 2 |
| Tarakihi | 1 |
| Trevally | 1 |
| Trumpeter | 1 |
| Warehou | 1 |
| Wrasse | 4 |
| Any other finfish for which a specific limit is not specified in this table or in clauses 5.1, 5.2, 5.3, 5.4, 40.1 or 40.3 | 4 |

40.5 Daily limits for finfish in internal waters of Fiordland

- (1) The daily limits for finfish in the internal waters of Fiordland specified in column 2 of the following table apply to the corresponding species listed in column 1 (see regulation 147):

| Column 1 Species | Column 2 Daily limit (per person) |
|-----------------------------------|--|
| Hāpuku/bass | 0 |

41 Combined daily limits for finfish

41.1 Combined daily limit for finfish in Southland and Sub-Antarctic FMA

- (1) The combined daily limit for finfish in the Southland and Sub-Antarctic FMA is: 30 (see regulation 141).
- (2) The combined daily limit for finfish in the Fiordland (Te Moana o Atawhenua) marine area is: 20 (see regulation 146).
- (3) The combined daily limit for finfish in the Fiords is: 10 (see regulation 146A).
- (4) See *also* clause 41.2, which specifies the combined daily limit for hāpuku/bass and kingfish in the Southland and Sub-Antarctic FMA.

41.2 Combined daily limit for hāpuku/bass and kingfish in Southland and Sub-Antarctic FMA

- (1) The combined daily limit for hāpuku/bass and kingfish in the Southland and Sub-Antarctic FMA is: 5 (see regulation 141).

42 Daily limits for shellfish

42.1 Daily limit for mussels in Southland FMA

- (1) The daily limit for mussels in the Southland FMA is: 25 (see regulation 144).

42.2 Daily limit for scallops in Southland and Sub-Antarctic FMA

- (1) The daily limit for scallops in the Southland and Sub-Antarctic FMA is: 10 (see regulation 145).

42.3 Daily limits for shellfish in Fiordland (Te Moana o Atawhenua) marine area

- (1) The daily limits for shellfish in the Fiordland (Te Moana o Atawhenua) marine area specified in column 2 of the following table apply to the corresponding species listed in column 1 (see regulations 146 and 160):

| Column 1 Species | Column 2 Daily limit (per person) |
|---|--|
| Cockle | 20 |
| Kina | 30 |
| Mussels | 10 |
| Oysters (flat/dredge oyster) | 0 |
| Ordinary pāua | 5 |
| Yellowfoot pāua | 2 |
| Pipi | 20 |
| Scallop | 0 |
| Rock lobster | 6 |
| Any other shellfish (whether of the same or different species) for which a specific limit is not specified in this table or in clause 7.1 | 20 |

42.4 Daily limits for shellfish in the Fiords

- (1) The daily limits for shellfish in the Fiords specified in column 2 of the following table apply to the corresponding species listed in column 1 (see regulation 146A):

| Column 1 Species | Column 2 Daily limit (per person) |
|-----------------------------------|--|
| Ordinary Pāua | 2 |

42.5 Daily limits for shellfish in internal waters of Fiordland

- (2) The daily limits for shellfish in the internal waters of Fiordland specified in column 2 of the following table apply to the corresponding species listed in column 1 (see regulation 147):

| Column 1 Species | Column 2 Daily limit (per person) |
|--|--|
| Rock lobsters taken from Milford Sound (as described in paragraph (o) of the definition of the internal waters of Fiordland in Schedule 18 of the Regulations) | 3 |

Part 7: Controls for blue cod management areas

43 Daily limits for blue cod management areas

43.1 Daily limit for blue cod in Canterbury blue cod management area

- (1) The daily limit for blue cod in the Canterbury blue cod management area is: 2 (see regulation 155E).

43.2 Daily limit for blue cod in Chatham Islands blue cod management area

- (1) The daily limit for blue cod in the Chatham Islands blue cod management area is: 5 (see regulation 155F).

43.3 Daily limit for blue cod in Kahurangi blue cod management area

- (1) The daily limit for blue cod in the Kahurangi blue cod management area is: 10 (see regulation 155G).

43.4 Daily limit for blue cod in Kaikōura blue cod management area

- (1) The daily limit for blue cod in the Kaikōura blue cod management area is: 10 (see regulation 155H).
- (2) See *also* clause 28.4, which specifies a daily limit for blue cod in Te Whata Kai o Rākihōia i Te Tai o Marokura—Kaikōura Marine Area.

43.5 Daily limit for blue cod in North Otago blue cod management area

- (1) The daily limit for blue cod in the North Otago blue cod management area is: 10 (see regulation 155I).
- (2) See *also* clause 28.2, which specifies the daily limit for blue cod in the East Otago taiāpure.

43.6 Daily limit for blue cod in South West blue cod management area

- (1) The daily limit for blue cod in the South West blue cod management area is: 10 (see regulation 155J).
- (2) See *also* clause 40.4, which specifies the daily limit for blue cod in the Fiords.

43.7 Daily limit for blue cod in Southern blue cod management area

- (1) The daily limit for blue cod in the Southern blue cod management area is: 15 (see regulation 155K).

43.8 Daily limit for blue cod in Tasman blue cod management area

- (1) The daily limit for blue cod in the Tasman blue cod management area is: 2 (see regulation 155L).

43.9 Daily limit for blue cod in Westland blue cod management area

- (1) The daily limit for blue cod in the Westland blue cod management area is: 15 (see regulation 155M).

Part 8: Accumulation limits for defences

44 Accumulation limits for defence for possessing rock lobsters

44.1 Accumulation limit for defence in relation to possessing spiny rock lobsters taken from CRA5

- (1) The accumulation limit for the defence to a charge of possessing more than the daily limit for spiny rock lobsters taken from CRA5 is: 18 (see regulation 159A).

44.2 Accumulation limit for defence in relation to possessing rock lobsters taken from Fiordland (Te Moana o Atawhenua) marine area

- (1) The accumulation limit for the defence to a charge of possessing more than the daily limit for rock lobsters taken from the Fiordland (Te Moana o Atawhenua) marine area is: 15 (see regulation 160).
